# SCRABBLE Puzzles Volume 4

## Synopsis

Scrabble Puzzles Volume 4 by Joe Edley will not only allow you to play Scrabble anytime even without an opponent, it will boost your vocabulary, increase your chances of winning, and improve your anagramming skills. The puzzles in this book give you an entire Scrabble board that is covered by the letters of a game already in progress. Located next to the game board are three racks of 7 letter tiles and the highest possible score for each rack. Your goal is to deduce the places on the board where the three groups of letters can be played in order to achieve the given scores. Practice makes perfect! 128 pages.

## Customer Reviews

Scrabble Puzzles Volume 4 is the fourth in a series of 5 great books, each of which contains approximately 350 puzzles to be solved. Each page contains a graphic layout of a Scrabble game in progress with three racks to play. For each rack, the author gives a maximum score and 1-4 difficulty stars so the reader can have some expectation of how hard each answer will be to figure out. At first glance, this book seems too advanced for casual Scrabble players, but is great fun for Intermediate to Expert level competitive Scrabble players. After a second look, I notice that Edley includes a "cheat page" of 2 and 3 letter words along with a separate section in the back, not of answers, but of hints. Of course there is a full-blown answer section as well. These puzzles are great on several levels. Firstly, any Scrabble player can peruse the words that have been used on the Scrabble games in progress shown on each page. This is a way to learn some new words without having to solve anything. Next trying to solve the puzzles is a lot of fun, since they often involve

creative tricks to get things to fit or make clever extensions. Solving the puzzles is not simply a matter of knowing obnoxiously unusual words like ololiuqui (which is not one of the answers, by the way). The book is well edited, with no notable errors. I have on occasion found a higher scoring answer than the book shows. Overall this is a great little book that provides some fun puzzle solving for Scrabble players from novice to expert!!
