ISBN-10: 0557469619

ISBN-13: 978-0557469611

Product Dimensions: 6 x 0.3 x 9 inches

Shipping Weight: 7.2 ounces

Average Customer Review: 3.2 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #5,660,959 in Books (See Top 100 in Books) #89 in [Books > Humor & Entertainment > Puzzles & Games > Gambling > Baccarat](#)

Customer Reviews

I purchased this book with an opened mind even though the reviews were mixed. The positives first: many new refreshing ideas unexplored in the past. The negatives, the book does not flow smoothly, tremendous amount of misspellings and incorrect use of the English language and the numbers used in many tables are incorrect. For example, one page with a list of numbers and what they represent, changes on the next page when that list of numbers did not change. A chart on one page that is listed twice on 2 pages, the same chart, so that the reader can follow and should be identical in both cases, is not. The book was poorly edited and proof read and way to many mistakes were left that should have been corrected. So while the theories are new and refreshing, the presentation is poor and very difficult to learn the material because of all of the grammar and arithmetic mistakes throughout. The next thing that really bothered me and will bother most readers is that the author "baits" the reader for either purchasing an update of the book or simple a new, better edition. By this I mean the author mentions that he has a system that is guaranteed to make a profit during a certain time in the sequence of the cards coming out of the baccarat shoe but due to space factors, it will have to wait to the next edition to be published. Well the book is very short as is it and the author could have easily included it in this edition but chose not to and instead bait the reader into buying the next edition. I found this deceitful. My biggest complaint is at the end of the book the author states and gives his personal email address that any questions, comments, etc. will be responded to quickly since his readers are of the utmost importance to him.
