# Peasants, Rebels, Women, And Outcastes: The Underside Of Modern Japan

## Synopsis

This compelling social history uses diaries, memoirs, fiction, trial testimony, personal recollections, and eyewitness accounts to weave a fascinating tale of what ordinary Japanese endured throughout their century's era of economic growth. Rescuing vivid, often wrenching accounts of peasants, miners, textile workers, rebels, and prostitutes, Mikiso Hane forces us to see Japan's "modern century" (from the beginnings of contact with the West to the outset of World War II) through fresh eyes. In doing so, he mounts a formidable challenge to the success story of Japan's "economic miracle." Starting with the Meiji restoration of 1868, Professor Hane vividly illustrates how modernization actually widened the gulf, economically and socially, between rich and poor, between the mo-bo and mo-ga ("modern boy" and "modern girl") of the cities and their rural counterparts. He laces his scholarly narrative with sharply etched individual stories that allow us see Japan from the bottom up. We feel the back-breaking labor of a typical farm family; the anguish of poverty-stricken parents forced to send their daughters to Japan's new mills, factories, and brothels; the hopelessness in rural areas scourged by famine; the proud defiance of women battling against patriarchy; and the desperation of being on strike in a company town, in revolt in the countryside, or conscripted into the army. This second edition is enhanced by an updated epilogue and a new chapter on women activists, focusing especially on the articles, essays, and letters of ItÅ´ Noe, whose work was cut short when she was murdered by military police. By allowing the underprivileged to speak for themselves, Hane presents us with a unique people's history of an often-hidden world that will be invaluable reading for all those interested in the underside of Meiji Japan.

## Book Information

Paperback: 368 pages

Publisher: Rowman & Littlefield Publishers; 2 edition (March 19, 2003)

Language: English

ISBN-10: 0742525252

ISBN-13: 978-0742525252

## Customer Reviews

Used at Western Washington University around 2008. The class jumped around parts of this book and the bits we focused on were interesting. Like most people, I rely on honest product reviews to make purchase decisions. Because the experience of others has been so helpful to me, I try to provide honest, helpful reviews to assist other shoppers in selecting the right products for them. I hope my review has been helpful to you!

This book was suggested to me because I wanted to learn about the time and place that my ancestors came from. This book is really well written, and it gave me some great insights into my ancestors lives. I would recommend it to anyone who would like to learn what I set out to learn.

Didn't know it was all in Japanese, but it is a nice collection for the library. Great for anyone interested in created a library on Japanese history.
