How To Track Lottery Trends With NASA-LIKE Precision & Gain An Advantage Not 1 In A Million Have!

Synopsis

In this informative work the reader will learn how to track lottery trends with NASA LIKE 3 Digit Decimal Precision! Popularity, Probability and Number Spreads all reveal what is actually happening within the numbers! There is much more going on there than meets the eye! These tables will show you how you are most likely setting your self up to lose the lottery NOT WIN IT and shows you EXACTLY HOW TO FIX THAT PROBLEM! Hidden trends are brought out into the light to be used to your advantage, What's HOT and What's NOT is only the TIP of the iceberg! Simulated drawings take you through step by step on how to build these valuable data tables and use them to track numbers, and pick numbers with DEAD-ON Accuracy! Positional Tables, Spread Tables and Even Maverick Number Tables gives you the reader and player a sort of ROAD MAP with a GIANT RED AND GREEN ARROW as to what numbers to use, what numbers to stay away from and even WHERE TO USE EACH NUMBER! Yes, Number Position is Very Important and without this information no matter what you do, you are still playing random numbers! Nothing is assumed, Everything is explained in fine detail with working examples so you understand exactly! But this is not rocket science, only rocket science precision is used! In addition, an alternative method is also given that is just as accurate and preferred by SOME Players, but many players over the years requested the highest degree of accuracy possible, so here it is! Wheeling Systems are also covered to round out the education on lottery analysis as having a highly accurate table of lottery numbers is in itself useless unless one knows what to do with it, so this is also covered! When you are completely through this book, you will be an EXPERT on Lottery Trend Analysis and YOU WILL NOT HAVE TO TAKE A BACK SEAT TO ANYONE, You Will Be The Authority On The Subject! When you grasp what this book has to offer, you will never again look at the lottery the same way again, PLUS, you will most likely never again play a random number or make any kind of wager without first consulting the data tables! This information is that powerful and gives you an advantage that not 1 in a million have!

Customer Reviews

This book is nothing but an exercise in counting numbers. It teaches you to make a few different charts but, the fact is all you do in the end is guess the numbers. If NASA was like this book we'd never get off the ground. It was a thorough waste of money.

I love it, the book has a lot of good information on tracking numbers, some information was not explained on its use, like the count between numbers that hit, how do I use that information, from what number do I use this information on figuring out my bets, and the counting of lottery numbers, this is a little new to me, but I'm willing to learn, otherwise a good read.
