I purchased this little book on a whim for my sister's birthday. We were doing an Austen theme and I thought this would fit right in. She loves it! It's small enough she carries it around in her purse. She wanted to do it all in pencil, so she can erase it and do the puzzles over and over again. Great little gift for any Jane Austen fan >

I bought this gift for my wife who is a Jane Austen fanatic. She has gone so far as to write continuation novels and modern day versions. So, I am always looking for something Austen to give her. She loves the little book and loves the puzzles. BUT, she mentioned that many of the puzzles are not related to Jane Austen. The quizzes are all Jane Austen, but the puzzles aren't. She still enjoys it, but in truth it is not all about Jane Austen. Just be aware of what you are purchasing. The little book is well put together and is easily of a size that you can stick in a purse, a briefcase or an overnight bag. It will bring plenty of delight to puzzle people and Jane Austen fans alike.

This is really a very nice book of puzzles and such, the only reason I am not giving it another star is that the crossword puzzles do not refer to Jane Austen works! Many puzzles and quizzes do, but buyer beware that not all do. If this doesn't matter to you, then it's perfect! Just take a "look inside" and see what I mean.

The final part of the puzzles may be Austen but the crosswords especially are not Jane Austen or her works. These can be any general questions or answers. They are not questions about Jane Austen or her works. I thought it was all about the author and her writings. Somewhat disappointing.

The reason I gave this nice little book 4 stars is because if you truly want to try these puzzles, crosswords, etc., you will need to be extremely literate in Jane Austen's books, characters, and so on. I am not. I truly have enjoyed her books, the movies from the books, but this is truly for those who have JA trivia and lots of it at hand to fill in the blanks.

I bought this for a friend who is a big fan of Miss Austen; I almost didn't give it to her because I wanted to work out the different puzzles myself. The book is well constructed and it made a fine little gift.

I work on this only when I have long plane rides. It fits in my purse and there are answers in the back. I don't cheat but do work in pencil and will not check answers until all puzzles are finished. Knowing Jane Austen's literature helps! It may take me years to complete as the air trips are the only time I work on the puzzles.
