The Beatles' London: A Guide To 467 Beatles Sites In And Around London

Synopsis

They were born in Liverpool and came of age in Hamburg, but it was London where the Beatles became international icons matched only by the swinging city itself. From the chambers of Abbey Road to the rooftops of Savile Row, the Beatles are as much a part of London as Her Majesty, the Houses of Parliament and Hyde Park. They defined their times and this was their turf. Authoritative, detailed and entertaining, *The Beatles London* places the world's greatest group in the fascinating context of the world's greatest city—the place they worked, played, and called home. A must-have for Beatles fans, this up-to-date guidebook includes special sections for record sleeves and film locations, rare photographs, detailed maps and scores of fascinating entries.

The biggest band of the twentieth century, the Beatles are legends of London. "The Beatles' London: A Guide to 467 Beatles Sites" is a guide for those who are visiting London or already live there, and have a fascination with the fab four. Chronicling the Beatles' tale by tracing their steps through London and noting particular sites where major and not so major events happened to the band, "The Beatles' London" features a level of detail that fans are sure to love. "The Beatles' London" is a top pick for any diehard Beatles fan visiting the capital city of Great Britain.

This book is meticulously researched and updated from the superb first edition published in the 1990s. Even if you are not planning a trip to London, this tome has plenty of interesting information on the Beatles old haunts in London. Recommended.

I bought this prior going to London to get a brief lesson on some places I should make sure to look at... WOW THIS BOOK HAS EVERYTHING. It really is awesome. I read through it again to relive some of the places I had already been. Highly RECOMMENDED.

I have the original version of this book, and this one looks even better. If you are a Beatles fan and you're going to London, you MUST get this... it is an AWESOME guidebook!

It's a total mystery to me how this great book seems to have passed through so unnoticed and with so little fanfare. Incredibly detailed and informative for a visit and just as important and entertaining if you are a Beatle fan who never intends to pass through Heathrow passport control. The maps and the context it gives to the Beatles story is unique and essential. Trust me, and you will also thank me... YOU NEED IT!

Bought this for my husband's birthday ,he's a die-hard Beatles fan and loved this book. Unique view of their lives in London and a must for anyone who is visiting there and wants to see all the important places connected with The Beatles.

I used this guide on a recent visit to London and was so excited to see places we hadn't expected to see. Who knew there were so many Beatle related locations there. I'll never visit I london again without it.

As a huge Beatle fan, this will definitely come in handy when I go to London this year. Great book, full of all the sites, but the maps are a little small and the type is small, so pull out your magnifiers to enjoy this wonderful collection of Beatle history.
