Basics Of Winning Chess

Synopsis

Nine information-packed chapters and twenty-two diagrams show beginning players how to play and win at chess in one quick and easy reading. You'll learn the moves of the pieces, the rules and principles of play, the standard openings, as well as chess notation. Cantrell also introduces the basic concepts and strategies of middle and endgame play. Victor Boriskoff says, "For a beginner, this is the best chess book on the market!"

Customer Reviews

Excellent read for beginners..starts the basics...and reasons for a couple of moves..refreshes the memory of those who forgot how to set up the pieces and moves..also includes how to notate your moves...

Gave a good base for the game and general principles. Wish they had more on middle and end game. Good book.

Good explanation of game and I like the moves shown. if you want to learn or just brush up I would recommend.

Great book helped me learn a lot!
