# How To Protect Your Assets From Probate PLUS Lawsuits PLUS Nursing Home Expenses With The Living Trust PLUS

## Synopsis

The Living Trust Plus<sup>SM</sup> Asset Protection Trust protects your assets from probate PLUS lawsuits PLUS the catastrophic expenses often incurred in connection with nursing home care. The Living Trust Plus<sup>SM</sup> is the only type of self-settled asset protection trust that allows a settlor to be trustee and retain an interest in the trust while also protecting the assets from being counted by state Medicaid agencies. Even though the Living Trust Plus<sup>SM</sup> is irrevocable, you retain a high degree of control over your trust assets because: (1) you can be the trustee if desired; (2) you can retain the right to receive all of the trust income; (3) you have the right to live in and use your real estate; (4) you have the right to change trustees; and (5) you have the right to change beneficiaries. Evan H. Farr, Certified Elder Law Attorney, is the creator of the Living Trust Plus<sup>SM</sup> Asset Protection System used by dozens of Estate Planning and Elder Law Attorneys around the country, and is widely recognized as one of the foremost experts in the nation in the field of Medicaid Planning and Medicaid Asset Protection Trusts. Evan has been recognized as one of the nation's top lawyers by SuperLawyers.com, Martindale-Hubbell, Best Lawyers in America, and Newsweek Magazine. A nationally-renowned Best-Selling author and frequent educator of attorneys across the U.S., Evan is known as the "expert to the experts," having educated tens of thousands of attorneys across the country. His numerous publications include a Best-Selling book, Protect and Defend, the Nursing Home Survival Guide, as well as two legal treatises published by the American Law Institute in affiliation with the American Bar Association: Planning and Defending Asset Protection Trusts and Trusts for Senior Citizens.

## Customer Reviews

Having recently had the "opportunity" of getting an elderly relative approved for Medicaid, I found this book helpful in understanding the concepts and details the legal beagle we hired was throwing at us with abandon - and less than stellar understanding of the state requirements himself. Some of the ideas are useful as preparation in talking to an attorney who understands your own circumstances, and the state laws which will govern your attempts to salvage some of your own assets from the numbskull bureaucrats with whom you'll have to deal.

This book seemed to me to be more of an infomercial than a source of reliable information. He pushes one thing too hard, on a single approach, to the virtual exclusion of all else - and that one thing happens to be a product he licenses. His examples are like the examples in TV commercial. Extreme, overdone and a 100% one sided. Can not recommend.

Please save your hard earned money on this book. The whole book is a sales ploy for the authors "Living Trust Plus" system. Just go to their website and skip the "book".

This book is a must-read for anyone who is serious about protecting their assets from the nightmares of probate, lawsuits and nursing home expenses. The book is easy to read, clear and concise. The examples in the book are real and very informative; they illustrate the dire consequences that families face when their loved ones do not plan in advance. I highly recommend this book to anyone who is concerned about protecting their life's savings from catastrophic nursing home costs. As a fellow elder law attorney, I can vouch for the fact that Mr. Evan Farr is truly a pioneer in this field.

Excellent Product!
