Bankruptcy Law: Principles, Policies, And Practice

Synopsis

Bankruptcy Law: Principles, Policies, and Practice puts bankruptcy law in context, illuminating the evolution of the Bankruptcy Code with an exploration of current and historical non-bankruptcy remedies. The book continually approaches each topic through the goals of creditors and debtors, exploring how each is served in various parts of the Code. Extensive questions and numerous problems focus student attention on the mechanics of the bankruptcy process. But they do so through the lens of history and policy, and they explain why the law is the way it is. The Third Edition has been revised extensively throughout to reflect changes in the law and its underlying philosophy, as well as significant new case law developments. In addition, a new chapter adds coverage of bankruptcy jurisdiction. The authors' aim in designing the casebook was to provide a very accessible medium for introducing students to bankruptcy law in a sophisticated manner. As the title indicates, the emphasis is on the relationship between the core principles essential to an understanding of the law, the policies animating those principles, and the challenges presented by the effectuation of those principles and policies in bankruptcy practice. In its methodology, Bankruptcy Law: Principles, Policies, and Practice relies on a variety of expository tools—textual discussion, comprehension questions, problems, cases and thought / discussion questions—all with a careful eye toward building upon previous materials and concepts.

Book Information

Hardcover: 922 pages

Publisher: LEXISNEXIS; 3rd edition (June 30, 2010)

Language: English

ISBN-10: 142247898X

ISBN-13: 978-1422478981

Product Dimensions: 7.7 x 1.7 x 10.1 inches

Shipping Weight: 3.3 pounds

Average Customer Review: 3.7 out of 5 stars— See all reviews— (3 customer reviews)

Bankruptcy #1422 in Books > Law > Administrative Law #5018 in Books > Textbooks > Law

Customer Reviews

No comment. Required for class.

Ok book. It's pretty typical. It's not a practice-based book, so i suggest ordering the E&E or another

supplement. BK law is retarded.

Well written for a legal textbook. Organization makes sense, explanations and problems are clear, cases are well edited. I wish more legal textbooks were written with this level of clarity and organization.
