## Customer Reviews

Book was in excellent condition. This is a very old book and was surprised at how good this book was represented and it was true.

This is a fantastic little book, excellent for people learning any of these crafts. Too bad it is out of print and you can't buy a new one anymore.

Purchased for my wife. This book has been around for quite a while. I was surprised when my wife said how much she learned from it that newer books didn't cover.
